Services Provided

Each One-Stop Center is a system of employment & training providers linked electronically and/or co-located at one site to provide better services to customers.

The system enables partners to coordinate operations and services in a seamless, easy to access manner.

Customers can select services best suited for them. They may do a self-help job search plan or ask staff for employment counseling, training information, or other resource help.

WDD-Maui Office

Nine WDD One-Stop Centers are open Monday to Friday on all major islands. In addition, WDD-Kāne'ohe branch is open from Monday to Wednesday.

Job Seekers can obtain a variety of job and training information and services by visiting One-Stop Centers.

Employers have access to a wide pool of applicants. Job orders can be placed for local and/or national exposure. A wide scope of labor market information and data is easily available. Employers can contact a One-Stop Center directly or access information via the internet.

Resource Rooms

One-Stop Centers have Resource Rooms provided at no cost to job seekers to facilitate their job search. In addition, customers may use laser printers, copiers, fax machines, and telephones. Labor market and occupational information and reports are also available.
